Ocular Indoor Extension Box

SKU: OC-EXTRES

36 Pole Extension Box

Additional set: 72 Pole EV-DB

Single Phase Circuit Breaker Solution:

SKU:OC-ADC240T

Type A 40A RCBO

Three Phase Circuit Breaker Solution:

SKU: OC-DB163T

Add-On Block RCCB 3P 63A

Type-A

SKU: OC-MSN340

40A MCB 3P 6KA 3M

Ocular's standardised indoor extension box ensures efficient, reliable and flexible grid connections for all EV charging stations on commercial sites. Simplify installation of the right solution for each Ocular EV Charger.

Main Features

NCC Compliant

Ocular complies with all new National Construction Code standards.

Light Weight and Heavy Duty

Our product is both lightweight, and heavy-duty (IP30 & IK05 rated).

Perfect Outdoor Solution

Our products offers a safe and efficient indoor EV-DB Extension Box solution.

Set Integration

Integrates perfectly with a colour-matched dedicated EV-DB.

Lightning Protection

Ensures safe, reliable and compliant operation of EV charging stations.

Security

Comes with a door-lock function to allow for secure networking.
